COMMENTS FROM THE OFFICE OF THE TOWN MANAGER

For convenience to those who are unable to obtain them during office hours, the town clerk, Mrs. Young, takes hunting and fishing licenses home week ends. She is willing to do this as long as her spare time is not disrupted any more than necessary. There have been instances of abuse of this service by calling before the family is up in the morning and at late hours in the evening. A reasonable criterion to follow would be: how would the person calling react if they were asked to do, on their day off the same work they perform during working hours.

The tax lien process will soon start for unpaid 1969 real estate taxes. This adds to the cost for the taxpayer, therefore if at all possible these taxes should be paid to avoid the extra charges.

We have noticed attempts by the public to cooperate in our endeavor to improve the dump situation. There are offenders who will be receiving bills for extra work created by their carelessness in disposing of rubbish. We will warn repeated violators prior to billing them.

GREENWOOD CITY —

— Mrs. Calista Morgan, Correa. —

The sky was a clear sparkling blue with a hint of clouds when "Boat" and I left the shore.

The morning dew had vanished under the friendly sun.

A small breeze stirred the trees and there was the harsh squawk of the grackle on a limb above. A cat-bird was moving softly near the house.

We headed down pond and of course for the Sanborn River. This is just one of the beautiful veins of our continent which nature has laid before us.

The high waters had brought changes since last season.

We moved slowly over our green bordered path way.

As usual at this time many birds were swinging merrily and flying gracefully from shore to shore.

I felt relaxed and contented just to sit in "Boat" and watch.

Contentment. It's taking things as they come; stronger and less exciting than happiness but it's more enduring. Happiness is a sudden gift and will not last every minute of the hour. It appears like a flash. We capture it then it may vanish. It is only as stable as we are.

An old tree now dead leaned over the stream, a grackle lit part way up on it but only for seconds for two kingbirds arrived to drive him away. Glancing up I could see the reason. At the very top there was a shabbily built nest. I anchored and watched. As I sat I looked at the water clear and clean, but full of all sorts of little things: hopping and popping bugs and little crawlers leaving a tiny wake behind them. A big bull frog gave a loud ker-tunk and leaped in with a splash.

The "kings" and "redwings" soared above and in the utter hush a million other sounds intruded. A heron squawked, a kingfisher rattled, birds called and sang, a duck quacked, a crow cawed, the bittern drove his stake, leaves rustled, and bushes stirred.

Dainty little flowers poked their heads up among the carpetry of ferns.

I was so lost in what was going on around me that when a fish bit my line I lost him

Christian Science
"Is the Universe Inhabited, Man, Evolved by Atomic Force?" This question is the title of the Lesson-Sermon to be read in Christian Science churches this Sunday.

The creation of man and the universe is ascribed to God rather than to a chain of material reactions, according to Isaiah: "I have made the earth, and created man upon it: I even my hands have stretched out the heavens, and all their host have I commanded."

Also in the lesson from Science and Health with Key to the Scriptures by Mary Baker Eddy are the pertinent questions:

"Did man, whom God created with a word, originate in an egg? When spirit made all, did it leave aught for matter to create? Ideas of Truth alone are reflected in the myriad manifestations of Life, and thus it is seen that man springs solely from Mind."

All are welcome to attend First Church of Christ Scientist, Main and Tenth Streets in Berlin, N. H. Services begin at 11 a. m.

The Christian Science Radio Series "The Bible Speaks to You," is broadcast each Sunday over Station WMOU, Berlin, N. H., at 8:15 a. m. The theme for June 21 is "How Can We Combat Crime?"

A Christian Science Reading Room is now open in the business district in Berlin, N. H., at 124 Main St., from one to four every Tuesday, Thursday and Friday. The public is warmly invited to attend.

Letters to the Editor

June 10, 1970

To the Editor:

The members of the Senior Class of Telstar who attended the authorized class outing wish to publicly express our sincere thanks to the owners of the Pepoose Pond Camping Area for their cooperation and generosity. Without the efforts of management and staff, our picnic would not have been successful.

The Senior Class
and Chaperones

12 June, 1970

Dear Editor:

I was much distressed to read in yesterday's "Citizen," the news of my friend Joe Smallwood's resignation as Chief of Police. His compassionate and resourceful approach to a difficult and many times thankless job made him an excellent officer and a respected man. Bethel will have to travel far and search diligently to come up with anything like his equal. The circumstances of his departure are unknown to me but in any case his going is most regrettable.

Very sincerely,
Bill's Samuel Bigelow

The recent talk about displaying the old fire bell on the town Commons is both encouraging and alarming. In light of this new interest, I am prompted to make some remarks concerning both its placement and the future of the Commons.

As a visitor to Bethel, my impressions are fresh. I do not think the Common does justice to the town. It is a letdown, whereas it should be the focal point. In this respect, talk of improving the Commons by displaying the bell is encouraging.

Alarming, however, is the lack of a long-range plan for the area. There may be little interest now in significantly improving the Commons, but in ten or twenty years the same ground may be regarded as an important symbol of the town. By that time, the uncontrolled accumulation of civic objects (such as the bell and the war memorial) may render a well-designed Common impossible.

As an indication of what might be done, a planting scheme might be devised which would accommodate objects of civic interest in an orderly fashion. Such a scheme might be executed with White Birch trees. The overall result could be simple, economically feasible, and visually striking.

The unfortunate and unwise dissolution of the Planning Board leaves no official body to deal with either long- or short-range planning problems. I do hope, however, that the people of Bethel will have at least a cursory investigation made into the potential and the future of their town Commons. Such a plan would prove, I think, an investment well made.

Sincerely,
Doug McCrodden
4th year student in Architecture
Univ. of California at Berkeley

Editor's Note: There has been no local vote for dissolution of the Planning Board. An article seeking to do so was passed over at the 1969 annual meeting. The Board has not been active for about 15 months.

IMAGINE
WHAT LIFE WOULD BE LIKE
WITHOUT ELECTRICITY

Today we take for granted that a flick of the switch will light the house, start clothes washing, or cook a meal.

In fact some appliances even turn themselves on and off so that we sometimes forget they even use electricity.

Reliability is a key word at CMP and reliability costs money.

Building reliability into power supply systems is a necessity in this modern world of constant demand for electricity.

This year CMP must raise about $38 million for construction and other capital requirements.

Interest rates, taxes, and labor and equipment costs all have spiraled upward in the inflationary surge.

Yet electricity is still the best bargain in the family budget.

WOODSTOCK

Seventh-day Adventist Church

The church school has closed and the teachers, Mr. and Mrs. Timothy Joy have gone to South Lancaster where Mr. Joy will be taking a summer course at Atlantic Union College.

Pastor David Shaw is on vacation for a month.

West Berlin will benefit from the 13th Sabbath overflow mission offering on June 27. The young people in this city are showing concern for the elderly and families with many children, and are doing something about it.

The proportion of old to young people in West Berlin is two to one. Consequently there is a high percentage of people there who need help but do not have the income to provide it for themselves.

To relieve the suffering of some of these elderly persons, S. D. A. young people are carrying coal from the cellar to a sixth floor flat, or cleaning windows, or reading to those who have poor sight, or delivering hot meals to unfortunates. Seventh-day Adventists have 15 churches in West Berlin, with a membership of 2,700. The offering on June 27 will help these churches in providing for Waldvale Hospital, which serves 10,000 yearly. An old folks retirement home will be erected, and also a nearby evangelistic center.

The kind Lord requires of his children to keep His commandments and His statutes. In these our friend and neighbor Bernard was not lacking.

His was a simple life of hard work and contentment in the out of doors. Born and a life resident on the sunny slopes of Mt. Abram, descended from the Irish immigrants who pioneered and made here snug homes and fertile farms he was proud and happy in the old homestead.

His capable hands earned a living for his fine family, he was satisfied with the blessings of the country and every man was his friend.

A keen sense of humor, an excellent memory and the bit of a brogue with which he embellished his storytelling, added to his wide popularity. He loved all children and they loved him.

His devotion to his loyal family was exemplary. Many hearts are saddened at his loss and his memory will live.

He is buried in the Irish Neighborhood Cemetery where rests the bones of his friends and kindred and here the gentle winds and the song of birds make daily litany.

When you have confidence in the pharmacy you have selected for your family because you like their dependability, you can also have confidence that they will treat you fairly. Our reputation is based on this concept of good service and fair treatment for all our patrons. We appreciate being your family pharmacy.
